ORDER

Review petition is filed by the KSEB to review the judgment in a batch of cases whereunder this court has only held that in view of the repeal of the Electricity Supply Act and the coming into force of the Electricity Act, 2003, the Conditions of Supply of Electrical Energy under which additional security was demanded had ceased to be in force and the matter was left for decision by the State Commission in accordance with Section 47 of the new Act. Since the new Act came into force three years back and since it is stated that the State Commission has published the Electricity Code which covers security to be collected from consumers, the Review Petition itself has become infructuous and is closed.
